## Chapter 1 by Sassy Cassy

As some of you already know Heidi hacked the CF account and shut it down for good. Some of us know who Carly Future is and some do not. Keep trying to find out! I am upset with this person for two reasons. I shall not say why but I do know that the person knows that I know who it is. I gotta study or our history test tomorrow.

## Chapter 2 by Singing\_Sparrow

While the rest of us are wondering who you are and why you're doing this. So what if I shut down the gmail account! You're just as bad! I don't know who you are but everyone needs to stop this. And only the Carly Future thing, it's written from my perspective. It doesn't say their hair color or eye color. It's written from MY perspective. That's why I freaked out. It was stalking me, one of my best friends, and/or Kameron. Maybe that's why everyone thinks this is me, because this isn't the first time. This is the third. First, the messages on the trees in Indiana. Second (Everyone on hangouts will remember that one), three moons. Third, this. Whoever it is is going to die. Well, not literally, but, you get the point. This has to end. Act like it didn't happen. They want a reaction. Don't give it to them. You've hear your parents say, "If you ignore them, they'll stop." They will. So ignore it. It's not that hard to do. Story Wars isn't a place to lament, DarkAngel77. So, I would formally recomend that we just forget this ever happened. Also,

Story Wars process:

1. Someone starts a chapter

2. Other people write another draft that is completely relevant, carrying on the story.

3. People vote on the the draft they like best.

4. 2-3 repeat until chapter

You could just read the stories, too. But, Are we clear? This site isn't meant to be obsessed about Carly Future. If you want that, email me, and I'll make it for you.

I think it's pretty clear who wrote this but,
